FOR IMMEDIATE RELEASE

Elmora Pharmacy, Inc Chooses DMETrain for Employee Training

Elizabeth, NJ-Elmora Healthcare is proud to announce that in order to better service their current and future customers, they have chosen the leader in the industry in online, job specific employee training, DMETRAIN. “After weighing several options, we chose DMETRAIN for its simplicity of use, ease of access from anywhere the worldwide web is available and last but not least, the knowledge that our staff will be learning every aspect of their job in order to take complete care of your loved one.” Ben Hertz, Manager of Elmora Healthcare, went on to say “We are committed to providing the best care for our patients and customers, and the DMETrain product will help us achieve the greatest customer service available with the most knowledgeable staff around. We are certain that this training program will not only keep us in compliance with Medicare guidelines, but will actually help our business and employees grow.”
